

At Home With Beatrix Potter: The Creator of Peter Rabbit

The creator of Peter Rabbit, Samuel Whiskers, and Jemima Puddle-Duck, Beatrix Potter (1866-1942) is one of the best-loved childrens book authors of all time. Yet few in America are aware of the role she played in protecting some of Englands most beautiful landscapes and in designing romantic interiors and a lovely garden at Hill Top, her beloved Lake District farmhouse. Taking the reader through her picturesque house and the breathtaking scenery around it that inspired many of her famous stories, this charming book is the first to look at the intimate connection between the English countryside and Potters work. Her own exquisite sketches and watercolors, as well as personal ephemera, appear alongside specially commissioned full-color photographs, revealing a home filled with treasured old furniture and beautiful objects and celebrating an artist-storyteller whose legacy as a conservationist at last receives the attention it deserves.
