

## Beverly Hills, 1930-2005 (CA) (Images of America)

Nowhere on Earth are sequels and the success that fosters them more apparent than in Hollywood's bejeweled bedroom, Beverly Hills. This continuation of the history begun in Arcadia Publishing's Images of America: Early Beverly Hills presents a compendium of vintage photographs depicting America's one community that's most synonymous with wealth. However, the Great Depression hit here, too, and the book depicts that as well as the subsequent recovery and boom years, homes of the stars, influence of the close proximity to Hollywood, and the chic shops and restaurants that keep the tourists coming. From the Brown Derby to the Beverly Theatre, from the Harold Lloyd Estate to Jack Warners digs, from the Beverly Hills Hotels changes to those that created a new Beverly Hills Civic Center, these are the Beverly Hills facts that have been the bases for all of those Hollywood fictions.
