

The Rolling Stones Un art total (French Edition)

L'art des Stones est d'abord exprimé, dans leurs chansons autant que dans leur imagerie, le partage entre les idéaux du passé et un avenir qui, avec tous ses risques, inspire la vigueur de leur art. Si les leçons de Kafka peuvent éclairer cet art, qui implique la langue, les Stones performers, surtout dans leurs clips, sont encore de grands plasticiens. On peut qualifier de total cet art dont le figement relatif depuis quelques années est le masque d'une permanence, qui reste à méditer pour comprendre notre monde en devenir.
