

Jubilee City: A Memoir at Full Speed

A life story told in discrete, arresting snapshots of despair, resilience, creativity, and hope, Joe Andoes literary portrait of his time to date on earth is as powerful as a heavyweights hook and as spellbinding as a major crack-up on the opposite side of the highway. It is a testament to a young mans fortitude and genius and luck that enabled him to survive a life lived wildly out of control; a rocket ride from the sordid depths of self-destruction to the glorious pinnacles of . . . Jubilee City.
