

Painless Reading Comprehension (Painless Series)

Reading comprehension is a skill that all students must develop for academic success, especially as they advance to college and beyond. This book for junior and senior high school students asks them meaningful questions about their reading preferences and difficulties. For example What kind of reader am I? Avid or reluctant? What can I do if I dont understand what Im reading? How do I keep the information in my head? All students can profit from this book, but reluctant readers will find it especially helpful. Guided by the author, who is an experienced teacher, they learn how to read with ease, and to comprehend what they are reading. Most important, they discover how to transform a once-arduous task into a pleasurable experience.
