

# Spelling Bees

With over 1200 words and definitions, divided into 115 quizzes, this book will assist with all busy spelling bees who wish to improve or test their knowledge of spelling. One person reads out the word and then the definition and the spelling bee needs to spell back the word exactly to win a point. You can also have a person read the word only and the spelling bee must give the definition as close to the one printed below the word. There is a Tie Break Word too in case there's more than one spelling bee present, where both would be writing the word down before they announced their spellings.
