

KRS WINTER, Beginning Readers Box Set, 17 Books - Level 2 - 5

The Winter series exposes kids to concepts like winter holidays, snow, hibernation, and plants in the winter. These are covered in science and social studies curriculum. Now they can read about what they are learning at school! Levels 2, 3, and 4 build on a child's new understanding that words match pictures and convey a message. Level 2 books still have only one word per page, but different sight words are on each page. Levels 3 books have more words per page than level 1 and 2 books, while still having only one line of text. Level 4 books place the text at different locations on the page and change the text on the last page. Level 5 builds on all of the skills from levels 1, 2, 3, and 4, but adds even more words to each page. All books in this series have language that is repetitive and predictable with strong picture support. By the time they finish this series, they'll have an understanding of what reading really is!
