A must-have addition to every homeschool library. First published in 2009, this revised second edition tackles the challenge so many parents and teachers face--how to help their children master the skills needed to write well. Author of four published novels, editor of Middle Shelf Magazine, and homeschool mom of five children, Laurisa White Reyes gives solid, easy-to-follow suggestions on creating a learning-friendly environment in the home and how to cultivate a joy of learning--and writing--in every child. As a parent who has homeschooled my children, I can say its a great resource for parents who are interested in making sure their kids learn excellent writing skills. - Rachel Tolman Terry, homeschool mom & author of Sister WhoDat, NY Agent
