

The Acid Diary: LSD, Thailand & The Heart of a Heartless World (Diaries Book 1)

The Acid Diary: LSD, Thailand & The Heart of a Heartless World... Secluded on a Ko Pha Ngan beach and its loose hippy community, with no inland route in or out of the enclave, 25yr old English traveller Monkey Man seeks answers to the mysteries of existence, encountering hope and happiness, hypocrisy and hostility, love and loss, peace and discord, the quixotic, neurotic and psychotic alike along the way - aided and abetted by LSD, LSA, mescaline, MDMA, 25i-NBOMe, 2C-B, psilocybin mushrooms, cannabis, alcohol, tobacco and a whole host of the weird and wonderful, wacky and willing accomplices that gravitate to such places in Thailand and the tropics. A third novel by Daniel S. Fletcher, author of the well-received Jackboot Britain.
