Illusion = a false idea or conception. (freedom from the Creator is an illusion) those who do not believe in the Creator which is illogical to begin with because the self evident fact is, there is creation (as our own eyes are witnesses) so there definitely is a creator. No God means nothing, not anything. And as there is everything (creation) so there is a God. We dont have freedom from the creator but we do have free will from the creator. The creator has given us free will and also dual nature. Free will so we get to choose for example vanilla or chocolate ice cream. Dual nature so we can differentiate from good and bad.
