

DICTIONARY OF VERBS

The book explains in-depth knowledge and skill that is useful in understanding importance of verbs and its specifications that makes this topic stronger for anyone to use. Verb is one of the most important part of English grammar. It is highly useful and is required for anybody those who intend to learn English grammar. A verb may be defined as the action word of the sentence. To determine whether a word is a verb or not, consider its role in the sentence. Verb conjugations are traditionally presented in textbooks according to paradigms, a grammatical term for pattern. A paradigm always includes the infinitive followed by the conjugations according to person which is divided into first, second and third, as well as number, which is the distinction between singular and plural. The present book Verbs is designed for those who feel the need to improve their skills in English Grammar, captures the importance the language carries in the contemporary world.
